## Sewatokwa:tshera

HI-Niagara Falls welcomes you and would like to begin by acknowledging that the land on which we gather is the traditional territory of the Neutral, Anishinaabeg, Haudenosaunee and Métis Peoples.

This territory is covered by the Upper Canada Treaties and is within the land protected by the Dish with One Spoon wampum, a peace agreement made between Indigenous nations before the Europeans arrived. We recognize the significance of the Dish with One Spoon Covenant to this land. It characterizes our collective responsibility to each other and mother Earth - we should only take what we need, leave enough for others and keep the dish clean.

This gathering place reminds us of important connection to this land where we learn about peoples, places and cultures when Hostelling.

*"It is impossible to squeeze the limitless world into a crowded classroom. So the school must go out into the world."*

*Richard Schirrmann*

## History of Hosteling International

**1909** German school teacher Richard Schirrmann sees the need for overnight accommodation for school children so that they have a place to stay during class trips.

**1912** Schirrmann sets up the first youth hostel in his own school in Altena, Westphalia. Soon after this it is replaced by a permanent hostel in Altena Castle. There are Youth Hostel Associations in 80 countries and 3.7 million of members.

# Two sisters one dream

Catherine Barclay brought the concept of youth hostels home to Canada from Europe. Her sister, school teacher Mary Belle Barclay executed the idea. In 1933 the Barclay sisters established Canada's first hostel in Bragg Creek, west of Calgary. Guests paid 25 cents a night and slept in a tent. From those humble beginnings Mary launched the Canadian Youth Hostel Association (now Hostelling International Canada) a network of 56 hostels across Canada and part of an international association stretching around the world.

“Why it's simply impassible!

Alice: Why, don't you mean impossible?

Door: No, I do mean impassible. (*chuckles*) Nothing's impossible!” [Lewis Carroll](#)

The hostel was put on sale in 2013. In 2014 Salomé and Joël bought it. Why was the hostel put on sale? The hostel did not seem to be viable. Some of the reasons (perceptions) were:

1. People did [day trips](#) to Niagara and stayed in Toronto as major gateway

Niagara did not seem to be convenient for travelers to come to a hostel for a longer stay

2. Niagara does not provide sufficient places of interest compared to Toronto

Youth market is small

3. Niagara Falls is not attractive enough for youth

Does not have the type of entertainment that Toronto

4. Niagara is economically depressed

International market has an impact in small cities

5. The hostel is in poor shape and is not well rated

The result of administrative and operational decisions

6. The location is not optimum and is not close to “The Falls” on the U.S. and Canadian sides

It is located 4 kms away, yet they are first sited at a 1.7kms distance

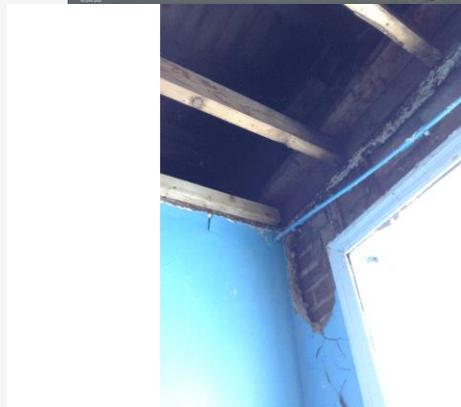

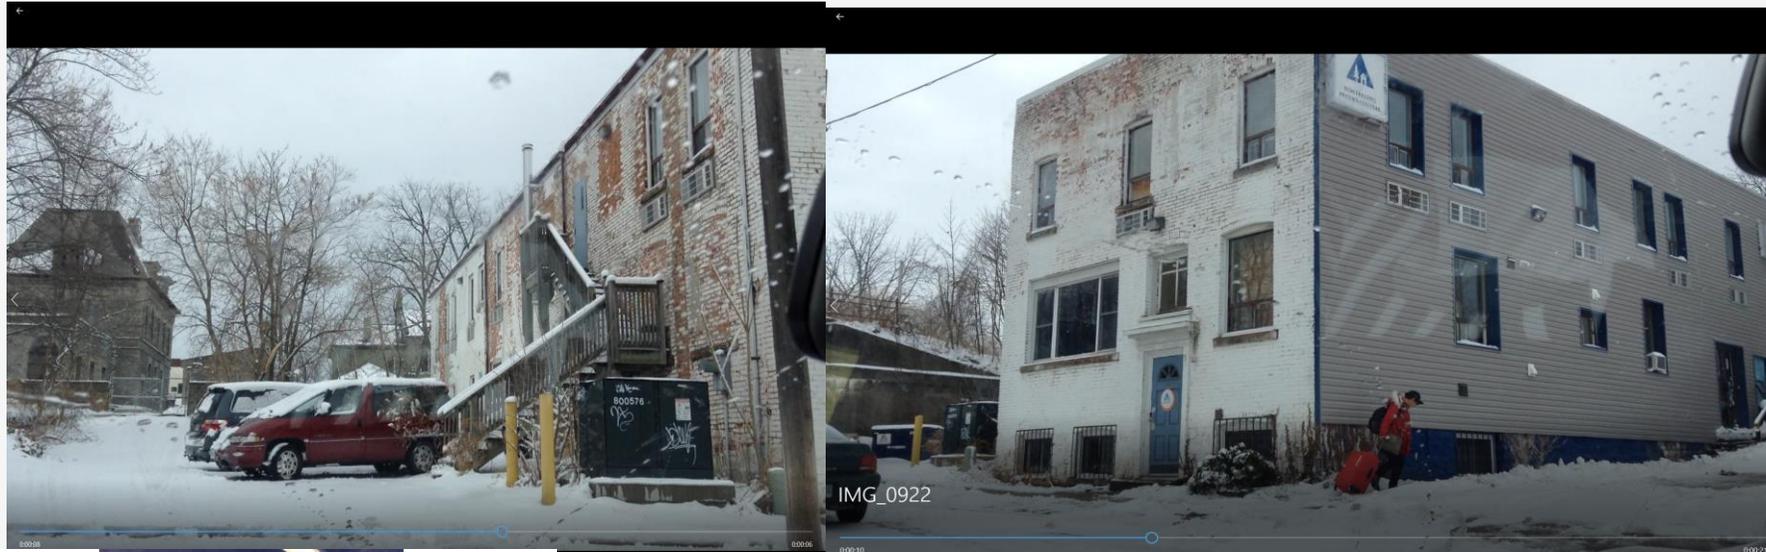

7. There are already two youth hostels and low budget accommodation

The two hostels closed between 2015 and 2016 once the HI was up and running under the new management model
